

FOR IMMEDIATE RELEASE

## Introducing revolutionary tool safety system

*Specializing in safety tool adaptors and lanyards*

**Edmonton, Alberta - July 26, 2013 - Tool Safe Products Ltd.** is excited to announce safety solutions for the construction industry.

According to Alberta WCB Statistics for 2012, non-powered hand tools accounted for over 2,700 recordable incidents.

Used in conjunction with lanyards, **Tool Safe** adaptors will:

- protect workers from injury,
- prevent hand tools from falling through grating,
- decrease loss of productivity,
- avert property damage on the work-site.

Tool Safe adaptors are proudly made in Alberta.

**Make your workplace safe – one tool at a time. Place your order today!**

Pre-orders available **August 1, 2013** – Product shipping **August 6, 2013**.
